

Statement

**Issued by H.E. Mr. Brahim Boughali, President of the Arab Inter-Parliamentary Union,
Speaker of the National People's Assembly of the People's Democratic Republic of Algeria,
on behalf of the Arab Inter-Parliamentary Union,
condemning the approval of two bills aimed
at imposing Zionist sovereignty over the occupied West Bank**

The Arab Inter-Parliamentary Union condemns in the strongest terms the approval of two bills aimed at imposing Zionist sovereignty over the occupied West Bank, noting that this decision is a dangerous step that contravenes international law and international legitimacy resolutions and constitutes a flagrant violation of the national rights of the Palestinian people.

The Union affirms that the Zionist entity's attempts to annex the entire West Bank and consolidate its occupation there undermine the prospects for peace and the two-state solution adopted by international legitimacy, pose a threat to security and stability in the entire region, exacerbate the conflict, and reinforce policies of ethnic cleansing and forced displacement of Palestinians.

The Union warns against international silence on this clear violation and circumvention of the agreement recently signed in the Egyptian city of Sharm El-Sheikh, pointing out that the Zionist entity's policy of breaching agreements, reneging on commitments, and repeatedly violating resolutions and accords reflects its lack of seriousness in achieving peace and confirms its efforts to undermine any prospect of a just settlement and weaken international confidence in the ability of agreements to achieve the desired results.

The Union calls on the international community to take immediate and decisive action to stop these unilateral measures, counter attempts to impose sovereignty by force on the occupied Palestinian territories, and prevent any attempts that undermine the chances for peace, reinforce the occupation, and exacerbate the suffering of the Palestinians.

The Arab Inter-Parliamentary Union affirms that the West Bank and Al-Quds Al-Sharif are occupied Palestinian Arab territories and that the Zionist occupation has no legitimacy over them, while also calling for intensified political and legal efforts to consolidate Palestinian rights in order to achieve a just and lasting peace in the region.
